

# Obscure bylaws can be enforced

Did you know that, as a police officer, I am authorized to enforce federal law, provincial law as well as municipal bylaws?

Municipal bylaws are also enforced by Town Enforcement Officers, and here are some interesting Town of Halton Hills bylaw offences that you may want to keep in mind as you are out in our community.

- Leaving keys in a vehicle while unattended
- Pedestrian failing to use a crosswalk
- Unsafe use of bicycle
- Leaving a bicycle impeding a sidewalk
- Driving a bicycle on a sidewalk
- Bicycle failing to keep to the right
- Carrying goods that interfere with the operation of a bicycle.
- Parking within 3 metres of a public lane (street corner), or fire hydrant
- Parking a vehicle for sale on a highway (roadway and shoulders)
- Parking on the sidewalk
- Stop where "No Stopping" is posted
- Parking in a designated fire route
- Playing golf in a park
- Displaying riotous (boisterous) behaviour in a park
- Using profane, or indecent language in a park

**Const. Chris Borak**

- Entering into a park between 11 p.m. and 7 a.m.
- Keeping more than three dogs
- Failing to remove dog excrement
- Failing to keep dog leashed
- Failing to keep dog under control
- Allowing animal to run at large on a highway

All these laws are in place because they promote a greater safer and a healthier community on a whole.

Contact me personally for crime prevention tips at 905-878-5511 extension 2470, or by e-mailing [chris.borak@hrps.on.ca](mailto:chris.borak@hrps.on.ca). Please reserve the 911 system for emergency calls only.

—Const Chris Borak is the community support officer for District 1

## Zoning changed to allow for business/professional office

Town council recently approved the rezoning of 90 Guelph St., between Maple Ave. and Durham St., to permit a business and professional office.

Zoning will change from Third Density Residential to Commercial Institutional to per-

mit the conversion of a house to professional offices for healthcare services including a dentist's office (Dr. Michael Beier, the property owner).

There has been no public opposition to the proposal.

## LASER HAIR REMOVAL

No formal presentation will occur.

You are encouraged to attend the PIC and provide your

AN EQUAL OPPORTUNITY EMPLOYER

## NOTICE OF STUDY COMMENCEMENT CLASS ENVIRONMENTAL ASSESSMENT WINSTON CHURCHILL BOULEVARD FROM 300 METRES NORTH OF BALLINAFAD ROAD/ 32 SIDE ROAD TO 1200 METRES SOUTH OF BALLINAFAD ROAD/ 32 SIDE ROAD

The Regional Municipality of Peel, along with the Town of Halton Hills and County of Wellington, is initiating a Class Environmental Assessment of Winston Churchill Boulevard from 1200 m south of Ballinafad Road/32 Side Road to 300 m north of Ballinafad Road/32 Side Road, including the intersection of Winston Churchill Boulevard and Ballinafad Road/32 Side Road in the Towns of Caledon, Halton Hills and Erin. The project is required to address potential improvements to Winston Churchill Boulevard.

The study is being carried out in accordance with Schedule 'C' of the Municipal Engineers Association (MEA) Municipal Class Environmental Assessment (2000). The study will review the need and justification for possible improvements to the existing corridor and alternatives to the undertaking, including an evaluation of impacts on the natural and social environment. Upon completion of the study, an Environmental Study Report will be filed on public record.

Public consultation is vital to this study. We want to ensure that anyone with an interest in this study has the opportunity to get involved and provide input before any decisions are made on a preferred concept for roadway improvements.

Public Information Centres (PICs) will be held for the general public. These will be in an open house format, with presentations on the study findings to date, and will be held at key points in the study.

The first PIC is tentatively scheduled for mid-September 2006.

We are interested in hearing any comments that you may have about the study. With the exception of personal information, all comments will become part of the public record.

To provide your comments or to request additional information concerning this project, please contact either of the Project Team members:
