The no payment offer applies to all new 2006 and 2007 model year inventory. With this offer, the Customer's first loan payment will not become due until January of 2007. For example, if the contract date is August 15th, the customer's first payment will be due on January 15th, and will have no payments in between. To calculate a payment under this promotion, simply add 1.3% to any rate currently in effect for any term on 2006 and 2007 model year vehicles. For example, the no payment rate for a 2006 Spectra 4 dr., would be 1.3% (0% + 1.3%). The future value program (60/84) also qualifies for this offer.
