Parachute fun

Ryley Alcorn, Bradley Steenhuis and Connor Mitchell were among the kids who took part in the parachute games at the Halton Hills Recreation and Parks Department summer camp at Park School recently. The goal was to keep your team's ball in motion, but to bounce the opposing team's ball off the parachute.

Don't Be Late

You can be sure your garbage and recyclables are collected by putting them curbside by 7 a.m. on collection day

To ensure your garbage and recyclables are collected, put your waste curbside by 7 a.m. the morning of your collection day, but no sooner than 5 p.m. the evening before. Collection times can vary from week to week due to route changes, weather conditions and equipment repairs.

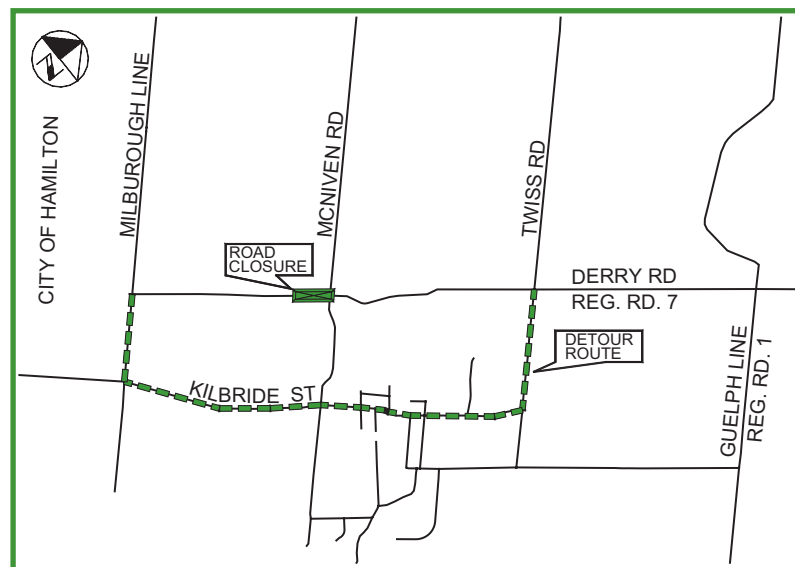

If you are concerned about animals accessing your garbage or recyclables:

- Secure garbage containers with bungee cords or weigh down with a rock or brick.
- Sprinkle strong smelling repellents (mustard oil, naphtha flakes or mothballs) around or inside garbage containers.
- Rinse out all bottles, cans, jars, etc., before placing it in your Blue Box.

Remember, collection trucks will start to pick-up your waste and recyclables at 7 a.m. on collection day.

Solutions for Solid Waste Management in Halton

Halton Region has long been recognized as a leader in waste management and waste diversion and thanks to our ongoing hard work, we continue to be in a unique and favourable position allowing us to address our future waste challenges.

On August 2nd, we announced our intention to fulfill our requirement to establish an Energy From Waste facility at the Halton Waste Management Site on Regional Road 25. Over the next few months, we will be communicating with our residents and starting a public awareness plan to familiarize and educate the community on this initiative.

Halton residents can start to provide us with their thoughts immediately about the range of options for an Energy from Waste facility through a dedicated email address – efw@halton.ca – or leave comments on a dedicated phone line – 905-825-6000 extension 7920 – or toll free- 1-866-4HALTON extension 7920. Information on Energy From Waste can be found on our web site at www.halton.ca/efw. We look forward to hearing from you.
