MEET... Shari White

Wow! The summer has just flown by! We are now settled in at our new location and having a great time showing off our vibrant new look! In addition to having more room for our Core and Advantage afterschool programs, this larger centre allows our Little Readers to have their very own space. The small, half-day classes at Oxford Learning's Little Readers Academy® are a fun-filled way for your 3 to 6 year-old to get a head-start for school. Our enriched, individualized program also features writing, math, art, music and reading by phonics. Registration is now underway for our after school programs for students from grade 1 to grade 12. First, we pinpoint how your child learns. Then, we create an individualized program that goes beyond tutoring to teach your child to learn and study more effectively. For better grades, motivation and confidence this fall, keep your child's mind sharp with just a few hours each week at Oxford Learning. Contact us today for complete details!
