Fire department to 'sell' used equipment

Halton Hills Fire Department will sell used equipment to a Northern Ontario department—for \$5.

The local department is buying a new SCBA (Self Contained Breathing Apparatus) compressor and fill station for \$55,000, which means part of the old unit is now surplus. Halton Hills will retain the air storage cylinders as part of the new system.

Trade-in value of the old unit is worth only \$1,000.

Northern Ontario fire stations are small with limited resources and when it became known that Halton Hills had surplus unit—albeit an incomplete one—interest was high.

Firefighters at northern stations have to travel for several hours to replenish supplies or refill an air cylinder.

The Upsala Fire Department contacted Halton Hills' Fire Department requesting the compressor as a donation or for minimal cost. While Upsala does not have the money to buy a complete system, it can afford to buy the air cylinders as it had a donated compressor and fill station.

Council agreed to a deal to "sell" the unit to Upsala for a cost of \$5 on the condition that that fire department removes the unit from the Maple Ave. fire station within two weeks of it being available.

All costs to load and transport the 18-20 sq. ft unit, weighing several hundred pounds, is the responsibility of Upsala Fire Department.

Mother Nature's power

Ross and Lillian Garbutt of Winston Churchill Boulevard were amazed to see a mushroom had grown through the asphalt in front of their house recently. The couple had a second coat of asphalt applied to the drive and noticed it was cracking, and within a few days the mushroom pushed its way through.

Rockwood Relay For Life adds more entertainment

The Relay For Life event, hosted by Acton Branch of the Canadian Cancer Society, and being held at Rockmosa Park in Rockwood on September 22-23 just keeps on

growing. Entertainers Alysha Brooke and Larry Melton have agreed to appear, as well as Wendy Hunter, Robert Little School Dancers and

others to be announced. There is a roast beef dinner for volunteers and survivors at 6:30 p.m. Friday. To enter a team call Terry Forbes at 1-888-881-3414.

TERRA Trends GREENHOUSES

Dig In To Fall

More and more each year the trends lean toward fall planting. There is great value on plant material in the fall season. Garden centres are keeping the selection alive and fresh well into the first few snowfalls and the survival rate with fall planted material does not differ from the traditional spring planting season.

Don't be afraid, there is still plenty of time to plant. Head out to the garden centre this weekend, pick up your favourite nursery stock and perennials and bring them home. Plant like you would in the spring. Use a good soil, maybe add some triple mix and don't forget Miracle Gro Quickstart transplant fertilizer. Water everything in well and don't forget to keep them moist throughout the fall and winter to establish a strong root system. Just remember have fun and get planting.
