MEET...

Bryan Robinson - Owner, and Andrew Little - Operations Manager of Landscape Creations

They are a Unilock Authorized Dealer, who also carry aggregates, topsoils, mulches, natural stones and much more.

Their previous 9 years experience in Landscape Contracting will help you with all your project designs and building needs.

They stock all the supplies and tools needed to do it yourself, or will refer a qualified contractor to you.

So book your fall or spring project with one of their authorized contractors before the snow flies.

For the winter they offer snow removal services big or small.

It's been an amazing year at Landscape Creations and they are looking forward to many more.

Thanks!

MEET...

Accents Decor

Unique Home Furnishings and Gifts is what you will find at this store. New items are always arriving. Need a gift and not just any gift? Come in and see all the different items we have. Need a great card? We have those too and best of all we "GIFTBAG" your purchase for you!

Looking for beautiful "Accent Furniture" pieces...we have those too!

We also have an extensive Gift offering for Corporate Gifts.

New to the store is our Exclusive Canadian Designer Jewellery Series.

Drop by and see us!

MEET...

The artists of KASE

Kids Art Studio Experience at Which Craft. We are an ART Studio for kids. Our focus is on **The Alphabet of Art:** line, color, shape, texture & space. In a relaxed atmosphere we cultivate the students' imagination and creativity, challenging them to celebrate their natural desire to express themselves.

The **KASE Art Program** offers lessons in the studio on a weekly basis, classes are two hours in length and there are four weeks in a session.

We cover a multitude of mediums and techniques to help students discover what their artistic preference is. Our goal is to expose youth to a variety of creative experiences, to provide them with the foundation for a lifetime of artistic expression

KASE also offers 'artist residency' modules to schools and daycares in the area who wish to have an artist come to their facility and teach a process or medium to a group or class.

KASE understands that kids who are involved in artistic endeavours do well in so many other aspects of their education and life.
