THE CONSERVATION ZONE

DOING THE DISHES EFFICIENTLY

Peter Love
Chief Energy Conservation Officer of Ontario

Time-shifting For Dishwashers

In winter, Ontario's greatest demand for electricity usually occurs between 7 and 11 a.m. and again from 5 to 9 p.m. By switching non-essential use of major appliances such as your dishwasher to the early afternoon and after 8 p.m., you can help reduce demand on the electricity system. Time-shifting your dishwasher to off-peak times, like bedtime, means you can also take advantage of lower rates if they're offered by your electricity company.

If a new dishwasher is in your future, consider investing in an ENERGY STAR®-qualified model, which will be at least 25% more efficient than an older, energy-gobbling model. Newer models can also be programmed to run at a certain time. Set it...then go to bed and forget it!

Mythbusting for Dishwashers

Myth #1: It's Cheaper To Hand Wash.

If you use the dishwasher once for every three to four times you would wash dishes by hand, a dishwasher can actually be more energy-efficient.

Myth #2: Always Pre-rinse Your Dishes.

Forget what mom said: Pre-rinsing is unnecessary for most modern dishwashers. Simply scrape off food and drain liquids.

Five Easy Ways to Save Dishwashing Energy

1. Always run a full load.
2. Load dishes according to manufacturer's instructions to allow for proper water circulation.
3. Choose the "light" or energy-saving wash setting when you can. This uses less water and runs for a shorter period of time. Use the "heavy" or "pots/pans" cycle only when you really need it.
4. Choose the "no-heat" drying option if available; otherwise, you can just turn the dishwasher off at the end of the rinse cycle. By air-drying your dishes, you can save 10% of the cost of operating your machine.
5. Consider moving your dishwasher away from the refrigerator, so heat from the dishwasher doesn't make the fridge work harder.

The Conservation Bureau develops and delivers programs to help Ontario residents conserve energy and save money. Please visit: www.ConservationBureau.on.ca

Happy 3 . . . oops! I mean 40th Mandy!

Love Mike, Shannon & Shelby

TOWN OF HALTON HILLS

Working Together Working for You!

The Halton Hills Accessibility Advisory Committee would like to invite you to an:

OPEN HOUSE

Tuesday, October 24, 2006
6:00 p.m. to 8:00 p.m.

Halton Hills Civic Centre
1 Halton Hills Drive
Halton Hills, Ontario

Council Chambers and Main Foyer

Meet the members of the Halton Hills Accessibility Advisory Committee to discuss any accessibility concerns and issues related to barriers to persons with disabilities. The event will highlight past achievements and future endeavours of the Committee through a slide show presentation and informal discussion.

For further information, please contact: Debbie Edmonds at 905-873-2601, ext. 2332 or visit the Town's website at www.haltonhills.ca 145

2006 MUNICIPAL ELECTIONS

ADVANCE VOTING DAYS and VOTING LOCATIONS

DATES:
Sunday, October 28, 2006 at 10:00 a.m.-5:00 p.m.
Saturday, November 4, 2006 at 10:00 a.m.-5:00 p.m.
Wednesday, November 8, 2006 at 12:00 p.m.-8:00 p.m.

LOCATIONS:

WARD 1 Acton Legion 15 Wright Ave. Acton	WARDS 1, 2, 3 & 4 Georgetown Marketplace Mall 280 Guelph St., Georgetown

WARDS 2, 3 & 4 Gellert Community Centre 10421 Eighth Line Georgetown	

Si vous désirez recevoir une copie de cette annonce, veuillez communiquer avec Kelly Withers au numéro de téléphone ci haut mentionné 905-873-2601 ext 2330.

Karen M. Landry
Town Clerk and Returning Officer 146

Charter dedicated to protecting water

Halton Hills Mayor Rick Bonnette, with help from Ward 2 Councillor and Credit Valley Conservation board member Joan Robson, signs a charter protecting the Credit River watershed. To protect our water, Credit Valley Conservation Authority (CVC) and its member municipalities initiated the Credit River Water Management Strategy Update (CRWMSU) in 2003, with the goal of selecting a management strategy that ensures "abundant, safe and clean water" now and in the future, for both the people and wildlife within the Credit River watershed. As an affirmation of their commitment to this Strategy, stakeholders recommended signing a non-binding Credit River Watershed Charter. All Halton mayors and Regional Chair Joyce Savoline signed the charter in ceremonies throughout the four Halton municipalities recently.

\$3. Compact Fluorescent Lights
instant rebate

\$5. Seasonal LED Lights
instant rebate

More Energy Efficient. Last Longer. Save Money.

Compact Fluorescent Light bulbs (CFLs) use 75% less electricity and last up to 8 times longer. Imagine how much you could save by replacing all your incandescent bulbs with CFLs, especially those in high usage areas. Seasonal LED Lights are 95% more energy efficient and last up to 100 times longer. Now you can light up the holiday season and lighten your electricity costs too!

Look for Instant Rebates In Your Mail* and at Participating Retailers.

* Mailing will take place during the first 2 weeks of October. Offer expires November 30, 2006
