At TD Canada Trust, we know the importance you place on security. Which is why we offer the Security GIC Plus. With a Security GIC Plus, you can feel confident knowing that your money is protected and that a minimum rate of return is guaranteed. Unlike most other

GICs, our Security GIC Plus gives you the potential for even higher returns. This potential bonus return is linked to the performance of the S&P/TSX Banks Index and the S&P/TSX Capped Utilities Index. It all comes down to giving you the confidence and security you need when investing.

* Security GIC Plus is also available with a five-year term. The total return on the Security GIC Plus comprises a minimum return and a bonus return, if any. The principal amount of the Security GIC Plus will be repaid in full at maturity. The amount of the bonus return on the Security GIC Plus depends upon the change in the S&P/TSX Banks Index and the S&P/TSX Capped Utilities Index, with a 50% weighting to each index, over the term of the GIC. The total return is subject to both a maximum return and a minimum return. The maximum return is capped at 15% for a three-year term and capped at 38% for a five-year term. The minimum return is 8% for a three-year term and 13% for a five-year term. The maximum return and the minimum return are subject to change at any time but such return for a specific GIC purchase is fixed on the date of the purchase. At maturity, the greater of the minimum return or the actual return up to the maximum return will be paid. The minimum principal amount is \$1,000 for non-registered accounts and \$500 for RSP accounts. The product is not redeemable prior to maturity. A disclosure statement with complete details of the features of the Security GIC Plus is available at your local TD Canada Trust branch.
