

Community groups asked to update listing in Town's community service guide

Halton Hills Recreation & Parks compiles a contact listing of non-profit organizations and services, as well as recreational-based businesses for the biannual Town of Halton Hills Activity and Service Guide.

This listing is a free service. A package was recently mailed out to all contacts listed in the guide calling for updates for the next 2007 spring and summer issue.

If you are a new organization in town, or did not receive a mailing and regularly do so, please contact Recreation & Parks at 905-873-2601, ext. 2261.

It's important that your organization return the Community Contact Listing form to Recreation & Parks at the Civic Centre so the most comprehensive and current information can be provided to residents.

There is also an opportunity to advertise in the guide if your organization meets the recreational or community service based parameters of the Town's guide. Advertising space is first-come first-serve.

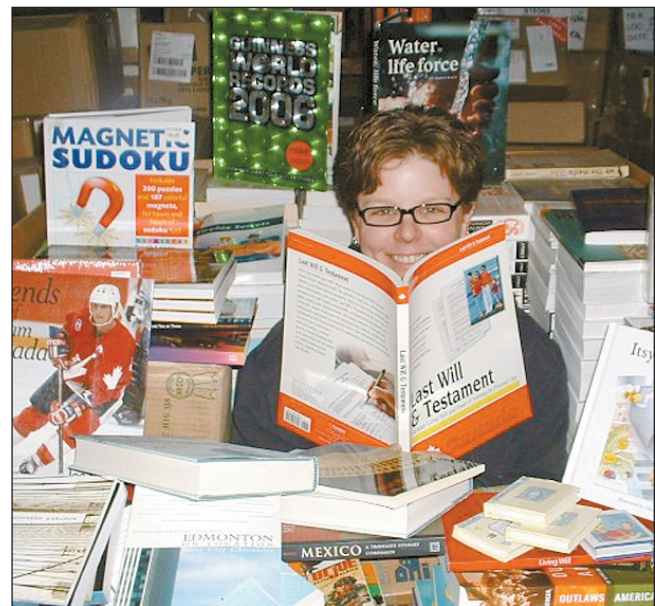

Book sale to raise cash for charities

On Sat. Nov. 18th, Fraser Direct is holding its 8th annual Charity Book Sale. Come and see why people line up at 7 a.m. with their shopping baskets, ready to run inside at 8 a.m.

Organizer Al Fraser says, "What amazes me is that people come out from the city (Toronto) for this. We've been getting hundreds of calls to verify the date. Clearly, everyone loves a bargain."

The sale raises approximately \$25,000 for local events and charities. This year's recipients will be the Salvation Army Christmas hamper program, Cancer Assistance Service of Halton Hills, Georgetown Hospital, Links2Care youth programs in Acton, the new indoor soccer facility and Fall Fair building in Acton, and Georgetown's Homecoming 2007 project.

The sale is held at 100 Armstrong Ave. in Georgetown and the doors open at 8 a.m. This year, the sale will stay open an extra hour (until 5 p.m.), to accommodate the crowds. Please remember to bring cash or cheques (no debit or charge cards accepted).

Fraser Direct employee Krista Glass is getting buried alive with books— she's reading about doing her last will and testament! There are 60,000 books for sale at the Fraser Direct Annual Charity Book Sale, 100 Armstrong Ave., on Saturday, from 8 a.m. to 5 p.m.

... Lend Me Your Ears

IS IT TIME FOR A HEARING AID?

If you feel as if you are missing out - on conversations, movies, plays or public meetings - or if your loved ones are getting tired of constantly repeating themselves, it's time to get your hearing tested.

And if your vanity has you balking at the idea of wearing a hearing aid, you should know that they're smaller and better than ever, thanks to technological developments such as digitization and background noise filtering. More importantly, while hearing aids are still considered a "device" they have significantly improved the quality of life for many users.

Not only do more than 50 per cent of senior citizens need at least one hearing aid, so do many other Canadians. These include younger adults exposed to long-term damaging noise, children who are "higher risk" at birth and people of all ages whose hearing is affected by injury or disease, such as meningitis.
