

# FIREPLACE SHOWROOM GRAND RE-OPENING Napoleon's Newest Models!!

## ASBUILT CLIMATECARE.

*Since  
1989*

From left to right: Representing Napoleon, Nino Sebastiano, the Executive Director of ClimateCare, Mario Bernardi, Georgetown Mayor Rick Bonnette and Asbuilt Owner Keith Vaters. Many of Asbuilt ClimateCare's dealers were in attendance and enjoyed an elegant luncheon served by LaVita.

Asbuilt ClimateCare Inc. is celebrating the Grand Opening of its new showroom that showcases the latest in Napoleon fireplaces. Customers will find a great selection of state of the art gas fireplaces tastefully decorated. A working Napoleon Waterfall adds to the inviting atmosphere. Along with Carrier furnaces and air conditioners, air quality products and in-floor heating displays, the new Asbuilt Showroom offers clients a full array of Home Comfort Products.

Asbuilt has been in business since 1989 and is owned by Georgetown residents Keith and Lori Vaters. Lori feels that fireplaces add more than practical elegance to a home. "There is a lot more to a fireplace than just the heat it provides...it's a focal point for the family...a place we display our treasured family photos, where we sit to think or talk about things, where children's memories of hanging their stockings are born. A fireplace is the ultimate gift for the family at Christmas."

Keith and Lori invite Georgetown to check out the new showroom.
