OVERNIGHT PARKING RESTRICTION

Uniform Traffic Control By-law No. 84-1 prohibits parking: **2:00 A.M. – 7:00 A.M. (Daily)** November 15, 2006 to April 15, 2007

On all streets under the jurisdiction of the Town of Halton Hills, unless authorized signs indicating otherwise are specifically posted. Motorists are reminded that By-law No. 84-1 also prohibits the parking of a vehicle on all Town or Regional Roads for longer than 3 consecutive hours at any single location, unless otherwise specifically posted.

On-street parking hinders snow clearing and other road maintenance operations. Your co-operation is requested. Please comply with the requirements of this By-law.

AUTHORITIES MAY HAVE VEHICLES TICKETED OR TOWED AWAY AT THE OWNER'S EXPENSE.

Motorists should note that Town By-Law Enforcement Officers will be on patrol through the duration of the parking restriction period and will ticket and/or have the offending vehicle removed. Enforcement Officers will not enforce parking on sidewalks between 2:00 a.m. and 7:00 a.m. where the Town does not clear the sidewalks.

SNOW REMOVAL

The placing or pushing of snow or ice onto roadways or cleared sidewalks will obstruct or encumber vehicular and pedestrian traffic. Do not push snow across roadways because the trail of snow does turn to ice. The Town's Obstruction, Encumbering or Fouling of Highways By-law No. 90-68 prohibits such action.

Improper snow and ice clearing can be a serious hazard to motorists and pedestrians. Your co-operation is requested. Please comply with the requirements of this Bylaw.

The winter season will soon be upon us. Be alert for snow plows and stay back at least 15 meters behind snow plow trucks. Please avoid parking on streets during snowstorms to assist Public Works operations staff with providing safe, passable roads.

AUTHORITIES MAY HAVE SNOW AND ICE REMOVED AT THE PROPERTY OWNER'S EXPENSE

AN EQUAL OPPORTUNITY EMPLOYER

Dufferin gets provincial okay to expand quarry operation

Continued from pg. 1

The release also stated a "unique" aspect of the proposal is an agreement that Dufferin Aggregates will hand over 1,000 acres of the rehabilitated quarry and adjacent lands to public ownership.

"To get the quarry after they destroyed the Escarpment is no prize," said Halsall.

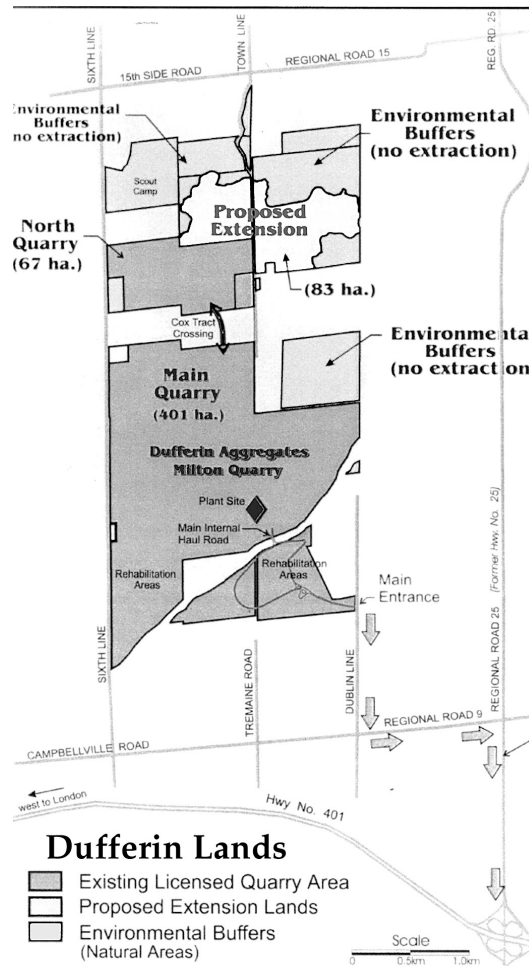

At press time, no representative of the Coalition on the Niagara Escarpment (CONE), the other group that filed the appeal with cabinet, was available for comment.

The quarry extension is expected to add 15 years of life to the operation that employs approximately 80 people.

The project has been in the works since 1996. More recently the proposal was tied up before the joint board for a 72-day public hearing—one of the most costly hearings held in Ontario's environmental history.

The boards approval came with 44 conditions Dufferin must meet including conduction annual water level monitoring and water quality sampling in certain residential wells and posting reports required by agencies on the Internet and municipal offices and libraries.

Farmer escapes injury after wagon hit by train

A farmer managed to escape injury after his tractor hauling a hay wagon stalled while crossing the tracks at Sixth Line and Fifteen Sideroad Sunday at 8:50 a.m..

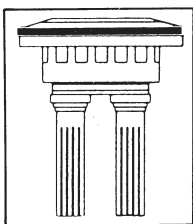

While attempting to start the tractor he noticed a train coming so he unhooked the wagon that was directly on the tracks from the tractor and ran out of the way of the oncoming train.

The train collided with the wagon carrying it

under the locomotive for some distance down the track.

The tractor wasn't hit and a spokesperson for the fire department said if the wagon hadn't been unhooked from the tractor the collision could have resulted in a train derailment.

Halton Hills firefighters responded to the crossing to clean up leaking fuel from the tractor that was caused when the fuel filter dislodged while it was driven over the train tracks.
