Sparky the fire safety mascot for Halton Hills Fire Protection and Prevention Services dropped by Tuitman's Garden Centre on Regional Road 25, south of Acton, to give owner Len Tuitman a few pointers on fire safety around Christmas trees. The bottom to the stump should be freshly cut off on an angle to allow it to draw more water from the tree stand, keeping it more moist during the Christmas season.

Photo by Ted Brown

Safety tips for the care of your family's Christmas tree brought to you by these concerned sponsors.

Fire Protection and Prevention Services

1. *Diagonally cut 2-3" off the base of the tree before placing into stand.*
2. *Check and add water on a daily basis.*
3. *Keep the tree away from floor heaters, fireplaces and other sources of heat.*
4. *Use only CSA-Listed lights marked for indoor use.*
5. *Unplug the Christmas lights before leaving the home or going to bed.*
6. *Make sure the bulbs are securely installed in the sockets.*
7. *Closely inspect the lights before using them and discard any warn ones.*
8. *Avoid overloading wall receptacles and extension cords.*
