The Denturist Association of Ontario is a professional association incorporated under the law of Ontario. Most Denturist belong to this association. The members of the association are bound by a strict code of ethics to maintain the highest standards of service to the public. Through this association its members are kept informed of new techniques, any new developments, and the latest materials in denture construction. There are many clinics, lectures, seminars, as well as a magazine that is put out 4 times a year. This magazine, "The Denturist," is the organized voice of full-time practitioners in dealing with the licensing board, the government, as well as other professional organizations.

This association is a member of the Denturist Association of Canada and the international Federation of Dental Prosthetists. All activities of a licensed Denturist are monitored by the provincially appointed nine-person Governing Board of Denture Therapists. All denture therapy licenses must be renewed annually. You do not need a referral; simply call our office direct.

## ... Lend Me Your Ears

### LOSS OF HEARING DUE TO NON-AGING FACTORS

Hearing loss due to aging can be compounded by other things. A few of these include noise exposure, disease, and ear infections.

Hearing loss due to age and noise are cumulative. That is, hearing loss from noise exposure will be added on to hearing loss due to aging. Neither are not medically correctable. There is something to be said for protecting the hearing that we have left by wearing hearing protectors when exposed to noisy environments.

Each of us reacts differently to hearing loss. We may totally or partially deny that a problem exists. Typical "denial" statements are "you're mumbling again", or "I was not paying attention", and can be a way of concealing hearing difficulties.

## Spreading some happiness

Students at Holy Cross School decided to spread a little Christmas cheer to the various seniors' residences in town, creating more than 300 greeting cards which were distributed to various centres in town during the holidays. Grade 1 student Austin Fearon, 6, presented his card to Agnes Lucas of the Bennett Health Care Centre.
