What's News

Cor Baarda

Congratulations to the following persons/businesses celebrating special achievements:

Opening a New Business:

Judith Horner recently opened an accounting practice (**ACCOUNTANT on MAIN**) at 52 Main Street S. in Georgetown (905-877-7200) and also recently joined the Chamber of Commerce. She may have a new office, but she has many years of experience behind her. She loves to share good tax advice to save clients tax money and believes in effective tax planning.

Moving to a New Location:

Feet In Motion has moved to a new location at 72 Main Street South. The owners, Brad Mailloux and Liz Masson, don't just sell shoes and sports gear, but make sure that the shoe fits properly for the activity being undertaken. Their opening question "when was the last time you had your feet measured?" when answered, makes for both comfort and functional effectiveness.

Ollie's Cycle & Ski Ltd. has moved from the Back Street parking lot in Georgetown to 30 Main St., S. in Georgetown. **Ollie's** offers a complete line of both cycles and skis – cycles for the whole family and for any purpose up to and including racing cycles, and skis for the alpine (downhill) skier.

Ollie's shop boasts a computerized ski edge and base tuner, along with all the other necessary maintenance equipment. When you get outfitted at **Ollie's** you can be sure the

equipment is right for you and that they can keep it that way.

Announcements of business changes and improvements:

Ormac Digital Inc. announces a major new market venture for January 2007.

Ormac has purchased the first franchise (Halton Region) of a North America wide offering recently launched by The Utility Company. The new franchise network offers Connected Office Services, a comprehensive solutions bundle including on-line, 1-800 and on-site IT services for small to mid-sized businesses. Services are scaled to need with affordable rates and flexible contracts.

Mark McIntyre, President of **Ormac**, defined the opportunity as a strategic development for his company. "Becoming a Utility Service Provider allows us to offer a broader set of services to our current small and medium-sized business (SMB) customers. It greatly improves our value proposition to the market and will help us secure new business opportunities. The utility service model is definitely a compelling value proposition and presents a superior method for businesses to utilize technology."

Ormac Digital Inc. is a leading provider of web development and content management solutions. For more information on \$1-a-day technology support and a complimentary consultation on delivery of managed/utility services contact: Mark McIntyre, President,

416-271-1929, mmcintyre@ormac.com

Heal Thyself Clinic has expanded – offering Health Coaching, Zen Shiatsu Therapy, Yoga and Meditation classes. Please also welcome: Tina Luna, our Child and Youth worker. Tina Luna brings with her thirteen years experience as a Child and Youth Counselor in Halton. Tina believes in empowering each individual to become the best they can be. She has an innate capacity to see beyond the exterior and identify positive potential, in all people. She tirelessly encourages children and youth to take risks, in order to discover and embrace their true strengths.

Tina offers counseling to children and youth at Heal Thyself in Acton, both individually and group sessions for separation & divorce; grief & bereavement; self esteem; emotional issues; leadership training; parenting issues.

Heal Thyself Clinic can be found on Fourth Line just east of Acton at the south-east corner.

Other Announcements of Interest:

OTTAWA- Health Canada advises business owners to beware of phone callers saying that **Health Canada** has a new requirement that all businesses must purchase a "health care kit" or "pandemic kit" for \$299. There is no requirement for such a kit; nor does **Health Canada** have such a kit for sale.

Health Canada advises anyone receiving such a call to contact the Phonebusters anti-fraud program on their Web site (<http://www.phonebusters.com>) or at 1-888-495-8501.

NASHVILLE, Tenn.--(BUSINESS WIRE)--Emma®, the email marketing and communications service, has awarded 25 free accounts to charitable groups around the world as part of its annual **Emma 25** initiative. A local recipient was **Literacy North Halton** (Halton Hills, Ontario), which provides literacy programs for adults who cannot read.

Now in its third year, **Emma 25** is a program in which **Emma** and its customers team up to provide marketing and communication help to charities working hard to improve the lives of people in their communities. Each year, **Emma's** customers nominate their favorite – and most deserving – charities, and the **Emma** staff selects 25 and awards them with a free **Emma** account, custom-designed brand stationery, and a free year of service that's renewable year after year.
