*Quote: "Since losing weight I have noticed a big improvement in how I feel about my self and my body. I was always shy to go swimming or take off my shirt in public because I was so overweight, and I hated shopping for clothes because I never liked the way anything fit me. Losing weight has really boosted my self-confidence and self-esteem and clothes feel better and fit me better than ever before. I just feel so much more comfortable in my own skin than I ever did before."*
