

Top marks for Christian School

The results are in! Georgetown District Christian School's Grade 3-8 students achieved an average percentile of 80 in the Canadian Tests of Basic Skills. All students participate in the Accelerated Reading Program, which is one reason that the school's percentile standing increased by over five points in the last few years. These results are a clear indication of the effectiveness of teachers and top quality programs that produce academic excellence, stated the school in a press release. The students in this photo represent the strongest readers in each grade at GDSC. Students are Aaron deBoerSap, Christian Vetro, Amanda VanHelden, Carole Allison, Katie Sharp, Sarah Scheepstra, Lauren Druif, Michael Veenstra, Josiah Schaafsma, Zoe Germain, Luke Otten, Rachel Kuruvilla and Jordan Murray.
