

UCHS rescues Genevieve

The Upper Credit Humane Society is seeking donations to cover the cost of eye surgery done on Genevieve, a stray cat. Her pain was obvious as there was a piece of something in her eye, maybe a bb gun pellet. She spent for weeks at the vets being treated with antibiotics to subdue the inflammation to no avail. An operation was necessary to save the eye and the vet agreed to cover half of the bill through his "Hershey Fund" for animals with special needs but the UCHS would still owe \$800. That is a huge strain on the volunteer organization's budget and the UCHS is asking the public if they will help pay for Genevieve's surgery— if you would like to contribute please send donations to the Upper Credit Humane Society marked "Genevieve Fund" or call 519-833-2287.

North Halton MS Walk set for April 15

The Milton/Halton Hills Loblaw's Super Cities WALK for MS will be held on Sunday, April 15.

More than 400 people are expected to walk for a cure, raising \$90,000 and providing hope to the estimated 55,000 to 75,000 Canadians who live with multiple sclerosis (MS).

Beginning and finishing at Milton Leisure Centre, the Loblaw's Super Cities WALK for MS is a family-oriented event that combines fundraising with food, entertainment, and prizes. Route lengths range from 5 to 10 kilometres; a wheelchair-accessible option is also available.

Terri Kernaghan, whose 10-year-old daughter Caitlin lives with multiple sclerosis, will be participating in her local walk as part of an ever-growing 25-member team known as Caitlin's Crusaders.

"The MS Society has come so far with research. It's truly amazing. There are also a number of treatments available for MS. And raising funds through events like the Super Cities WALK for MS is important because it keeps the momentum going. I truly believe that a cure is just around the corner," she said.

Funds raised by the Loblaw's Super Cities WALK for MS in Milton - Halton Hills will help local people in several ways. The walk helps to fund services for people with MS and their families, which might include providing information and referrals, supportive counseling, and mobility equipment.

The walk also helps fund the MS Society's national research program, which is bringing researchers ever closer to finding the cause and cure

of multiple sclerosis.

To register for the Loblaw's Super Cities WALK for MS in Milton - Halton Hills, visit www.supercitieswalk.com or call 1-888-822-8467.

Multiple sclerosis is the most common disease of the central nervous system (the brain and spinal cord) among young adults in Canada, affecting 55,000 to 75,000 Canadians. It is most commonly diagnosed between the ages of 15 and 40, but can occur at any age. Symptoms include vision and speech problems, extreme fatigue, lack of balance and coordination, and even paralysis.

Canada has one of the highest rates of MS in the world, with approximately three people being diagnosed each day. More information is available at www.mssociety.ca
