

# Trade your old cellphones for Pizza Pizza

Wondering what to do with your old cellphone as you go through the spring-cleaning ritual?

Drop it off at your nearest Pizza Pizza restaurant (Guelph St. in Georgetown) during the month of April and you'll not only receive a free slice of pizza, you'll be diverting the phones from landfills and helping the Canadian Association of Food Banks (CAFB) in its efforts to alleviate hunger.

A staunch supporter of environmental causes, Pizza Pizza is partnering with the Association's Phones-for-Food program whereby recycled phones are sorted and sold to the re-manufacturing industry, which in turn sells the refurbished products to consumers, raising funds (\$2-\$5/phone) for local food banks in the process.

Throughout April, which is designated as Earth Month, Pizza Pizza is accepting old

cellphones at all traditional restaurants across Ontario and Quebec. Customers who drop off a cellphone will receive a free slice of pizza as a thank you for their environmentally conscious gesture.

All cellphone handsets, regardless of age or condition, will be accepted and customers are urged to ensure the phones are deactivated before dropping them off at Pizza Pizza.

# The Regional Municipality of Halton

Curb Appeal

## Halton Hills Urban Bulk Collection

Place items at curb by 7:00 a.m. on your designated bulk collection day. Check the map for your corresponding collection zone. Items will be collected on the day designated for your zone.

### Bulk Waste Collection

Note: Collection boundaries have changed. Please confirm which zone you are in.

Zone 1 Mon. April 23	Zone 6 Mon. April 30
Zone 2 Tue. April 24	Zone 7 Tues. May 1
Zone 3 Wed. April 25	Zone 8 Thurs. May 3
Zone 4 Thurs. April 26	Zone 9 Fri. May 4
Zone 5 Fri. April 27	

### The following materials will NOT be collected:

- Automobile Parts\*
- Propane Tanks
- Tires
- Building and Demolition Debris
- Concrete and Bricks
- Household Hazardous Waste
- Cardboard Boxes
- Tree Branches

Metal items and appliances will ONLY be collected on a call-in basis, and therefore will not be collected on your scheduled Bulk Collection day.

To receive collection, please call Halton Region  
**Monday - Friday**  
**8:00 a.m. to 5:00 p.m.**  
at **905-825-6000** or  
**Toll free 1-866-4HALTON**  
**(1-866-442-5866)**  
**TTY: 905-827-9833**

Metal items and appliances include refrigerators, freezers, dishwashers, stoves, washers, dryers, metal furniture, broken down swing sets, etc.

Please ensure the doors are removed for safety.

### Georgetown

### Acton

If you have unwanted items that are in good condition, consider donating them to a charitable organization or reuse centre. You will be diverting material away from Halton's landfill and helping people in need at the same time!

## NOTICE OF STUDY COMMENCEMENT

### HALTON-PEEL BOUNDARY AREA TRANSPORTATION STUDY

The Halton-Peel Boundary Area Transportation Study is a joint study between the Region of Peel, Halton Region, City of Brampton, Town of Caledon, and the Town of Halton Hills. The study has been initiated to identify the long-term (2021 and 2031) transportation network required to support provincial and inter-municipal planning goals, and to serve future transportation demands within the Study Area (see map below).

Specific goals and objectives of the Halton-Peel Boundary Area Transportation Study are to:

- Support current and future municipal planning objectives by providing transportation capacity to accommodate future travel demands generated by planned growth in west Brampton and Halton Hills.
- Develop a coordinated interconnected roadway network system along the Halton/Peel boundary.
- Identify opportunities for transportation mode choices, including public transit, carpooling/vanpooling, and High Occupancy Vehicle (HOV) lanes across the study area.
- Identify solutions to serve long-distance truck traffic travelling in the study area between Halton Region and Peel Region.
- Identify improvements that will serve inter-regional traffic including longer-distance, cross-boundary traffic from Halton Region (and areas west of Halton Region), travelling through west Brampton and southwest Caledon to destinations to the south and east in Peel Region, York Region, and Toronto.
- Review potential to improve connections with the existing Provincial 400-series highway network and possible future Provincial transportation facilities including the GTA West Corridor Planning and Environmental Assessment Study in support of the Province's growth objectives as set out in the Provincial Growth Plan for the Greater Golden Horseshoe.
- Explore opportunities to reduce dependency on the automobile through Travel Demand Management (TDM)/transit supportive measures.

This notice signals the commencement of the Halton-Peel Boundary Area Transportation Study. This joint study will be carried out through an open public process in accordance with the requirements of Phases 1 and 2 of the Municipal Class Environmental Assessment (EA) process (MEA, 2000) which is an approved process under the Environmental Assessment Act, so that the study results can serve as direct input to any subsequent EA studies that may be deemed appropriate. The Halton-Peel Boundary Area Transportation Study will define problems and opportunities, consider and evaluate alternative solutions, and identify an optimum transportation system along the Halton/Peel boundary. A key component of the study will be consultation with both stakeholders and the general public through stakeholder group workshops and public information centres (PICs). These will be held at key points during the study and will provide opportunities for input into the study and the presentation of study findings to date, by the Steering Committee.

If you require additional information, would like to be placed on the project mailing list, or if you represent an agency, organization, ratepayers group, or special interest group and would like to be added to the Stakeholders Group list, please contact one of the individuals below:
