### Where Child Abuse Hurts Most

Sometimes the worst scars of child abuse can't be seen. Whether physical or emotional, abuse attacks a child's self-esteem and emotional development, leaving long-term emotional trauma and pain. You can help prevent child abuse by being a nurturing parent or caregiver. By letting children know they are special, competent and loved, you can help them develop positive self-images and happier futures.

If you feel overwhelmed, angry or frustrated as a parent, help is out there for you. Look in your area for support groups and services, or talk to a trusted friend, family member, pastor or doctor about what you can do to protect and support your child. If we all do our part to prevent child abuse, we'll get to the heart of the matter.

## The War Amps

Many members of The War Amps CHAMP Program for child amputees have lost limbs in accidents. Through the PLAYSAFE Program, Champs teach other children: "Spot the danger before you play!"

When you use your key tags, you support War Amps programs - like CHAMP and PLAYSAFE.

To order your 2001 key tags, a Spot the Danger! video, or the new PLAYSAFE Interactive CD-ROM, visit our Web site at [www.waramps.ca](http://www.waramps.ca) or call 1-800-250-3030.
