Professional Race Car Driver

Knowledge is power!

A ladies' car care clinic is a tool that will help take the intimidation out of car maintenance.

This is a fun, informative evening to learn about your vehicle and the importance of preventative maintenance.

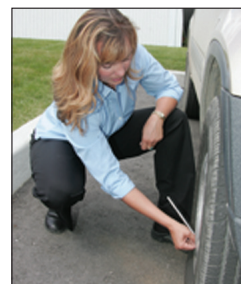

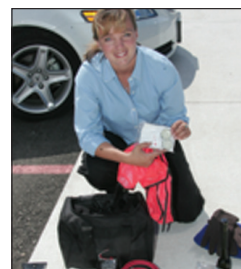

Learn how a dirty air filter can impact your fuel economy and why it is important to check your tire pressure.

The evening involves a meet and greet with Kelly followed by a 1 1/2 to 2 hour informal clinic.

Kelly will discuss:

- *Various fluids of a vehicle, both clean & dirty
- *Oil filters cut open and examined
- *Air filters, both clean and dirty
- *How to check tire pressures
- *Emergency roadside kit contents and much more.....

Kelly will answer all your questions to help you keep your vehicle in good running condition.
