Carpet Barn Carpet One kicks off annual campaign to fight cancer

Carpet Barn Carpet One has kicked-off its Spring 2007 Carpet One Welcomes Your Support campaign, continuing their involvement in the fight against breast cancer.

In partnership with Carpet One Floor & Home stores throughout North America, the Georgetown store will introduce a spring collection of welcome mats to raise funds for breast cancer research and awareness. Twenty-five percent from Canadian sales will go to the Canadian Cancer Society.

This spring begins Carpet One Floor & Home's fourth year of supporting the cause. To date, stores throughout North America have raised more than \$450,000US through sales of their specially designed pink ribbon welcome mats. The new spring collection features spring and summer flowers and themes that are perfect for Mother's Day.

"We are honoured to have the opportunity to work with the Canadian Cancer Society to raise funds for breast cancer awareness and research," said Jamie Watt of Carpet Barn Carpet One. "This cause is important to our families, friends and customers and we are looking forward to continuing our support this spring."

"We are so grateful for the efforts and generosity of Carpet One Floor & Home, their retailers and customers over the last several years," says Dr. Barbara Whyllie, CEO, Canadian Cancer Society. "Research is truly making a difference in the fight against breast cancer."

Carpet One Floor & Home's spring collection includes the following designs:
