

# Local firefighters monitor scene as empty house does a slow burn

A vacant farmhouse on Fifth Line South was gutted by fire Tuesday evening.

Milton firefighters initially responded to the call at the Halton Hills home, located just south of Steeles Ave., and Halton Hills firefighters were called out at approximately 8 p.m.

When they arrived they found the second floor of the home was on fire, but due to the condition of

the building, firefighters did not enter the home and put only enough water on it to ensure it remained a controlled burn, said Halton Hills Chief Officer of Prevention and Public Education Harry Olivieri.

Olivieri said firefighters were there "to monitor the fire situation" at the home that was in the process of being dismantled and had no utility services.

Firefighters remained at the scene until about 6:30 a.m. Wednesday.

The cause of the blaze is undetermined, said Olivieri. Due to the home's condition, there was no dollar loss and no further investigation into the cause of the fire.

The property owners told fire officials they had not been in the home that day and had no idea how the fire started, said Olivieri.
