### Rick and Dan

of Starr Glass & Mirror. Rick is happy to be celebrating along with his staff the first anniversary of their retail location. Although Starr Glass & Mirror have been a mobile company installing quality products for the past 15 years they expanded last year to become so much more. Now with a location that is staffed 8:30 am - 6:00 pm, five days a week, all your glass cutting needs can be met by them. From window and screen repair, custom cut mirror and glass, to creating tabletops and shelves to size. Whatever your glass needs are Rick or Dan can meet them. Thinking of making your home the most energy efficient? It can be, think windows. Book now!

### Shari White

Summer is a great time to get ahead, or get caught up!

Teachers around the world will tell you that it takes a lot of time for students to settle back down to learning after they've had a long holiday.

Oxford Learning's Summer Programs offer students of all ages a flexible opportunity to keep their minds active. We have programs for students from preschool until high school.

The small, half-day classes at Oxford Learning's Little Readers Academy® are a fun-filled way for your 3 to 6 year-old to get a head-start for school. Our enriched, individualized program also features writing, math, art, music and reading by phonics.

Registration is also underway for our summer programs for students from grade 1 to grade 12. First, we pinpoint how your child learns. Then, we create an individualized program that goes beyond tutoring to teach your child to learn and study more effectively. We are offering a **Super Summer Special** for all new students that includes; the Dynamic Assessment, 25 hours of personalized instruction and two progress reviews. Contact us today for complete details. Remember, better grades are just a summer away!

Learning how to learn is life's most important skill.
