CHANGES AND ADJUSTMENTS

It may be necessary from time to time to have changes or adjustments made to your hearing aids or molds.

Your hearing can change slightly; you can gain or lose weight; develop circulation problems; develop an allergy...the list is long.

Hearing Instrument Practitioners will want to see you on a regular basis to ensure you are receiving maximum benefit from your aids. No problem is "too small" to have checked. Your hearing is too precious not to receive the best possible attention.

We care about your hearing!

Juice drinking boxes are in short supply at the Georgetown Bread Basket food bank. Director Marian Viant is concerned as the supplies drop, even before the summer vacation time has arrived.

Bread Basket feeling squeezed for canned and boxed juices

Georgetown Bread Basket is running low on several items, but is most desperately in need of canned and boxed juices.

Directors with the food bank, that serves approximately 169 families in this area, hope the community will come through with donations of the much-needed items.

Along with canned juice and juice boxes, the food bank also needs canned pasta and canned corned beef, ham, salmon, mixed vegetables, tomatoes and fruit, pasta sauce, dry soup, meat helpers such as Hamburger Helper, crackers, baked goods, jams and cheese spreads.

The food bank has plenty of dry pasta, dry beans and canned beans so donations of those items are not needed.

Anyone interested in making a donation is asked to drop it into the box at Food Basics, both A&P stores in Georgetown, The Super Store, Price Chopper or at the food bank at 55 Sinclair Unit 12 on Wednesday or Saturday between 9 a.m. and noon.

The phone number at the food bank is 905-873-3368.
