

Hey Fellow Fathers

Lucky us. Everyday we get an opportunity to positively influence our families. So let's do it to the best of our abilities. If you were fortunate enough to:

- A) Find someone to marry/tolerate you
- B) Be blessed with children.

Then you & I have a great chance to motivate our Halton Hills kids to be the best they can be! Academics, Sports, Tradespeople, the Arts, whatever. Progressive development & support are the keys.

Speaking of keys, mosey on down to Cedervale Park on Sunday for the very special Classics Against Cancer 20th Anniversary Auto Show. There's something for everyone. You can recount fun car stories to your children, grandchildren, nieces & nephews about a time when there were more windbags (like me) than airbags.

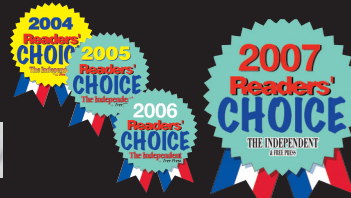

HAPPY FATHERS' DAY
