New Product Development Technician

The successful candidate should have a minimum of 2 years experience in the field as a product developer, and a science degree; specifically in Food Science, or Nutrition, but others will be considered.

The chosen candidate will not only work in the New Product Development Department, but will also work with other departments including the Production, QA/HACCP, Purchasing, Sales, Marketing, Cafeteria and Finance. Under the guidance of the NPD Manager this person will be responsible from concept stage to development for costing, field testing of formulation and concepts; creation of deli formulas; effective cost/yield analysis; and writing of finished product specifications.
