# Wildcats celebrate 10th year

**EAMONN MAHER**  
Staff Writer

Marking its 10th season of existence, the Halton Hills Minor Football Association has some ambitious plans in the playbook as the Wildcats were recently approved to join the top summer league in Ontario.

The Wildcats will field seven teams this season, including four in its atom house league (11-12 yrs.), two peewee rep sides (13-14 yrs.) and junior varsity rep (15-17 yrs.). They've also begun training camp much sooner than usual thanks to the opening of the new indoor facility at the Dufferin Rural Heritage Community Centre in Acton, as workouts began in mid-March.

Momentum is building towards the 2009 campaign, when the Halton Hills junior varsity and peewee squads make the move up from the Ontario Minor Football League to play in the Ontario Varsity Football League, considered the top loop in the province.

"What we want to do in a perfect world is to have teams in the OVFL and if we have an overflow, which we have this year, we'll also have kids playing in the OMFL," said HHMFA president Dan Ralph, who is the junior varsity head coach as well.

"There's not much more for us to accomplish in the OMFL and we feel it's time to go out and play with the big boys to see how we can improve. Yes, there are going to be days that we're going to take it on the chin from some of the stronger teams. But we've seen in the last five years the level of play in Halton Hills and Milton has gone up from where we were strictly a house league, and now we're in a rep league that gets more exposure and is taken more seriously with more notoriety."

The junior varsity Wildcats won the 2006 OMFL championship before being knocked off in the semifinals last year, and it appears the team will be strong again for 2008. No fewer than 18 registered players weigh in at 200-plus pounds, including 6-foot-7, 300-pound offensive lineman Matt Hartnagle.

Ralph added that the addition of a second peewee rep team should allow the Wildcats to be consistently competitive at the JV level, and the locally-based atom house league helps build a pyramid feeder system for future years.

One of those atom teams is expected to play out of Milton, which has supplied the Wildcats with several players for each age category, and the organization's recruitment boundaries extend as far away as Erin and Orangeville.

It's not too late to register for one of the atom house league teams, although the junior varsity and peewee teams are full. For more info, visit the website [www.haltonhillsfootball.com](http://www.haltonhillsfootball.com).

## ATHLETES of the Week

**CHRIST  
THE  
KING**

Rebecca Dickinson

**ACTON  
DISTRICT  
HIGH SCHOOL**

Emma Jolly

**GEORGETOWN  
DISTRICT  
HIGH SCHOOL**

Jeremy Ford

Robbie Murden

Sarah Glassford

Nicole Bond

Acton High School Athletes of the Week are Emma Jolly and Sarah Glassford. Both girls played with the Bearcats Badminton team, playing together as ladies doubles. They played in the Bishop Reding tournament, winning the tournament on their class.

Georgetown District High School Athletes of the Week are Jeremy Ford and Nicole Bond. Members of the Rebels Badminton team, both played together in the junior mixed doubles division at Christ the King, winning their division.

Christ the King Catholic High School Athletes of the Week are Rebecca Dickinson and Robbie Murden. Dickinson, a power on the Jaguars midget girls volleyball team, as selected for her great spiking and hitting helping lead the team to a third place finish at the Burlington Central tournament. Murden, who plays centre and left wing on the Jaguars junior boys hockey team, was chosen for averaging two points per game in the tournament at Blakelock.

## Driver's Blind Spot

A shocking look at where to spot the best insurance rates

Quoting over 30 insurance companies giving you the lowest rate— for FREE

### Eyes Wide Shut

It's tear jerking how much some drivers overpay for their car insurance.

Unfortunately, the best insurance rates are elusive. They're not advertised and many places you would call don't necessarily represent the insurance company that has the best rate for you. Sadly, you're the one that ends up paying for it.

Rob, who discovered InsuranceHotline.com, wanted to share his experience with you. He didn't know that InsuranceHotline.com kept a close eye on over 30 insurance companies and could instantly spot which ones have the best rates for his driving profile. It wasn't until his friend, tired of hearing him complain about it, told him to go online and see if he was really overpaying. So Rob decided to check it out.

He had blindly accepted a rate of \$2,600 for 2 minor tickets, but he had an eye opening experience when he saw he could have been paying as little as \$1,300 for the same coverage if he had been with a different company. Needless to say, Rob will never overpay for his insurance again.

Another story worth mentioning is when Derek's insurance renewal jumped from \$924 to \$1,600 for no apparent reason. He went to InsuranceHotline.com and was quoted \$783.

The reality that he was paying twice as much as he needed to brought a tear to his eyes. He

will never get that money back.

Trying to find which insurance company has the best rate for you can be a long and painful task.

You can do this exhaustive search yourself, or we can do it for you, for free! InsuranceHotline.com compares over 30 insurance companies and provides the lowest rates.

Anna's parents just saved \$600 by simply going online. Al, a father, was shopping for insurance for his 17-year-old son and was quoted a whopping \$13,000! He went online and found a rate of \$3,600. That's a savings of over \$9,000!

Look at this chart. It shows the lowest to highest rates quoted from 30 insurance companies. That's a \$5,000 rate difference between insurance companies for the same car and driver.

Most drivers end up paying a rate somewhere in the middle.

When you are moved from the middle of the pack to the top of the pack, it can save you 100's, even 1,000's of dollars, instantly. So keep your eyes on the prize and your money in your wallet. Visit [InsuranceHotline.com](http://InsuranceHotline.com) for the best rate...for you.

BUT WAIT! THERE'S MORE...

When you receive your email quote from InsuranceHotline.com, you'll also receive these amazing bonuses: Access to Your

#### Claims History Report:

Find out what the insurance companies have on record relating to your accidents and claims history.
