MORE THAN HOME IMPROVEMENT, SERVICE IMPROVEMENT

Prices may vary after Sunday, August 10, 2008 if there are market variations. See store for details regarding product warranties. We reserve the right to limit quantities. Lowe's is committed to accurate pricing and reserves the right to correct errors. Correction notices for errors in the advertisement will be posted in our stores. We guarantee our everyday competitive prices. If you find a lower everyday or advertised price on an identical stock item at any local retail competitor that has the item in stock, we'll beat their price by 10% when you buy from us. Just bring us the competitor's current ad or other confirmation of the price that you have found. Lowe's reserves the right to verify the lower price prior to sale. Cash/charge card and carry purchases only. Competitor's closeout, special

order, discontinued, clearance, liquidation and damaged items are excluded from this offer. On percent off sales, we will match the competitor's percent off offer. Limited to reasonable quantities for homeowner and one-house order quantities for cash and carry contractors. Current in-store price, if lower, overrides Lowe's advertised price. Price guarantee honoured at all Lowe's retail locations. Labour charges for product installation are excluded from our price guarantee offer in our stores with an Installed Sales Program. Visit store for complete details. All installation services are guaranteed by Lowe's warranty. See Installed Sales contract for details. ©2008 by Lowe's®. All rights reserved. ... Lend Me Your Ears

By Cory Soal R.H.A.D.

SECOND HAND SMOKE INCREASES EAR INFECTIONS IN CHILDREN

Ear infections are the Number One reason young children visit their doctors and take antibiotics. A new study finds many of those infections could be avoided if parents who smoke would make one important change. A recent study in the archives of pediatric and adolescent medicine is giving parents another reason to quit. It finds exposure to cigarette smoke in the home increases children's risk of middle ear infections. The smoke inflames the tissues of the middle ear so that viruses and bacteria can invade more easily and cause infection.
