Kailey Bryan opens an exhibit at the Evoked Emotions Gallery in Norval this week.

## Young artist holds solo show

Georgetown artist Kailey Bryan will be hosting her second solo exhibition, *Stories*, at the Evoked Emotions Gallery in Norval until August 30.

The Opening Reception will be held on Saturday, August 16, 6-10 p.m. Refreshments will be available.

Bryan, who is a recent E.J. Lightman Art Scholarship recipient, is being quickly noticed both at home and abroad. "The new works are colourful, exciting, and meticulously executed and inspired by literature and travel," says Bryan. The collection includes both classical technique and contemporary abstracts, she says.

Evoked Emotions Gallery is located at 511 Guelph St. in Norval and is open Tuesday through Saturday from 10 a.m. to 7 p.m. Bryan will be at the gallery for the duration of the exhibit.

She can also be contacted through her website, [www.bryanart.ca](http://www.bryanart.ca) or 416-768-5301.

## ... Lend Me Your Ears

There's hardly any aspect of our lives that doesn't have sound associations. Hearing keeps us in contact with life, with people, with the sounds of the world around us. It is a priceless gift.

Sometimes our hearing fails us. Hearing loss can happen to anyone, regardless of age. Occasionally children are born with hearing defects. Hearing loss may be caused by infections, head injuries, prolonged exposure to loud noise, certain medications and of course the acting process.

The latest development in hearing instruments is known as digital technology, the driving force behind computers, fax machines and satellite communications. This has transformed our lives in ways no one could have imagined. Just as the compact disc (CD) forever changed how we listen to music, new digital hearing aids are revolutionizing the way hearing health care professionals help people hear better. If you or one of your family members suspects a hearing loss, call...

## DON'T GAMBLE WITH YOUR LIFE

Shooting drugs is no different than shooting dice: you'll be on a roll for a while, but one time is all it takes to end the game. Drug addiction can happen quickly and be hard to beat.

So, why play games with your health and well-being? It's not a gamble worth taking.
