Links2Care is an agency with a heart

With a proud history of serving Halton residents dating back to 1972, Links2Care provides a myriad of social services to support families in our area.

Assisting seniors and people with disabilities is one of their core mandates. Links2Care can arrange home help and maintenance, friendly visits and Meals on Wheels, among other services, which help people live independently in their own homes for longer than they otherwise would.

The Ontario Early Years Centres provide help to parents and younger children, ensuring they grow up and achieve their full potential. Launched in the late 1990s by my friend and former legislative colleague, Margaret Marland, our Early Years programs continue to be important investments in our society's future. Links2Care delivers Early Years programming in Acton and Georgetown.

These are but a few examples of Links2Care's "links to our community."

I had the chance to meet some of this agency's dedicated staff in Georgetown on August 18. I came away very impressed with their enthusiasm and commitment.

On Sunday August 10, Acton's heritage and community spirit were on display at this year's Leathertown Festival. I was glad to be able to attend and participate.

I want to express my appreciation to Josey Bonnette and the Leathertown committee

Ted Arnott

members, as well all the sponsors who helped to make the Festival such a great success. Thank you!

We'll forever remember the summer of '08 for its wet weather and good times. Now that school's back, we look forward to our Fall Fairs in Georgetown and Acton and across Wellington-Halton Hills. Hope to see you at one of the fairs.

The Ontario Legislature is scheduled to resume sitting on September 22. Until then, you can reach me at our Provincial Riding Office, although I am out and about at meetings and events much of the time. If you have ideas or concerns about the issues facing the province, please don't hesitate to contact me at 1-800-265-2366, or by e-mail at ted.arnott@pc.ola.org. My website is www.tedarnottmpp.com.

This Town Workshop is separate from the Region's Public Information Centre on September 16th, 2008.

The Region of Halton is requesting comments from the Town on the five Growth Concepts in general and more specifically in the context of seven questions by the end of September in order to establish a short list of two or three growth options for further consideration. The Town Public Information Centre and Facilitated Workshop is being held to obtain public input and assist Council in developing a response on the Growth Concepts.

More detail on the Region's Sustainable Halton Exercise and the Town's consideration of it is set out in a Discussion Paper prepared by the Town and available from the Town's Planning, Development and Sustainability Department at the Civic Centre or on the Town's Website, www.haltonhills.ca, or at the Town's Library Branches in Acton and Georgetown.

Residents and other stakeholders who wish to participate in the Workshop are encouraged to review the Sustainable Halton Growth Concepts Discussion Paper dated August 2008 in advance.

A Special Town Council meeting will be held on September 24, 2008 to formalize the Town response to the Region.
