Flying high at the Fall Fair

Scotty Hanlon from Pennsylvania and his other trick riding teammates impressed the crowds at the 162nd edition of the Georgetown Fall Fair Saturday. Here he performs the Kiss of Death maneuver. Kim Sopinka of the Georgetown Agricultural Society said that Saturday's crowds were larger than last year's and popular attractions included the Battle of the Bands, FMX biking, children's crafts and Saturday night's demolition derby, which drew a record crowd. Sunday's steady rainfall had a big effect on the low turnout but Sopinka was pleased with the weekend overall. **For more photos see page 4.**
