

# Fall Fair 2008

The 162nd edition of the Georgetown Fall Fair had a soggy ending Sunday but that didn't stop thousands from attending the annual three-day event at the Georgetown Fairgrounds.

**Where Child Abuse Hurts Most**

Sometimes the worst scars of child abuse can't be seen. Whether physical or emotional, abuse attacks a child's self-esteem and emotional development, leaving long-term emotional trauma and pain. You can help prevent child abuse by being a nurturing parent or caregiver. By letting children know they are special, competent and loved, you can help them develop positive self-images and happier futures. If you feel overwhelmed, angry or frustrated as a parent, help is out there for you. Look in your area for support groups and services, or talk to a trusted friend, family member, pastor or doctor about what you can do to protect and support your child. If we all do our part to prevent child abuse, we'll get to the heart of the matter.
