

Grice tops in triathlon

Lesley Grice of Georgetown won the Olympic race (1.5km swim, 40km bike, 10km run) at the recent Milton Women's Triathlon held at the Kelso Conservation Area for the second year in a row since that distance was added to the event. The 38-year-old Grice finished first in the field of 45 in a time of two hours, 20 minutes and 50 seconds to win by almost three minutes.

Leckie makes the most of his opportunity

Georgetown's John Leckie has mainly been a special-teams player with the University of Western Ontario Mustangs football team, but the sophomore running back took full advantage of his opportunity to shine against the rival Wilfrid Laurier Golden Hawks on Saturday evening.

With starting tailback Ryan Tremblay knocked out of the game due to injury early in the contest, the former Georgetown District High School star turned in a number of dazzling runs, including two touchdowns in Western's 31-20 comeback victory.

Leckie finished the game with 108 yards on 18 carries and earned the player of the game honours on The Score network broadcast of the OUA matchup in front of 6,432 spectators at University Stadium in Waterloo. The kinesiology major was

also named Western's male athlete of the week.

"As soon as I got the call on the sidelines from (Mustangs' head coach) Greg (Marshall), I was ready to go and I just tried to make plays," said Leckie, who turns 19 Sept. 29.

"It was the best game of my career and to play well here against Laurier, a big rival, it's great. We knocked off Ottawa and now we've knocked off Laurier... it just all came together for me."

Some good fortune was also on Leckie's side Saturday as he fumbled early in the fourth quarter with Western leading 24-12, but on the next play Mustang teammate Matt Carapella intercepted a Laurier pass play to regain possession.

The win improves Western's record to 2-0 this season and the Mustangs will host the Waterloo Warriors Saturday at 1 p.m.

House league scoreboard

Drinking and Driving Can Distort Life.

Drink and drive, and your life may never be the same again. You not only risk your life when you drink and drive, you also risk losing your license, incurring expensive fines, doing time in jail or even causing injury or death to an innocent bystander. With all these consequences facing you, driving under the influence is the worst decision you can make. Don't take chances with drinking and driving; there's always a better alternative.
