

# Information session for local private well owners

To promote well water safety, Halton Region's Health Department will be holding a Well Water Information Session for residents who use private wells.

The information session will take place tomorrow (Thursday) at the Stewarttown Public School, 13068 15 Sideroad, Georgetown. Residents are invited to drop in anytime between 3:30 p.m. and 9 p.m.

Residents attending the information sessions can:

- Talk to public health inspectors about well water quality concerns.

• Have well water tested for nitrates. The presence of nitrates could indicate contamination. Bring one cup of water in a sterilized jar.

• Drop off a water sample to be sent for bacteria testing. Call us or visit [www.halton.ca/health](http://www.halton.ca/health) to find out where to get an approved water sample bottle. (Water samples to be submitted for bacteria testing must be collected in approved water sample bottles.)

• Pick up approved water sample bottles for future bacteria testing.

• Learn about water treatment systems such as ultra violet, reverse osmosis and chlorination from water treatment companies.

• Talk to staff from Halton Region's Planning and Public Works Department to discuss water conservation principles.

• Observe well drilling equipment and learn about well drilling from professionals from the Ontario Ground Water Association.

For more information on the Well Water Information Session, please contact Halton Region, 1-866-4HALTON (1-866-442-5866), TTY 905-827-9833, or visit [www.halton.ca/health](http://www.halton.ca/health).
