

## Focusing on "Business of the Month"

Every month, Chamber members and local residents have the opportunity to nominate a local business for the Chamber's Business of the Month award. The criteria for selection are: quality of service, unique products, and/or civic involvement which benefits the community. Companies are selected regardless of Chamber membership, and the Chamber presents each of the recipients with a plaque.

By Wendy Hue and Cor Baarda

The recipients for this quarter are:  
**Main Street Inn** (July),  
**Baynes Physiotherapy** (August) &  
**North Halton Roofing** (September).  
*Congratulations to all of you!*

Sharon and Brian Flood purchased the 150 year old Victorian home on Main Street in April 2005. It became the **Main Street Inn**. This restaurant and B&B is a dynamic treat for residents of Georgetown and the surrounding GTA area. Whether you are in

the mood for a sumptuous meal, prepared with style, flare and originality, or seeking a relaxing and rejuvenating getaway, the **Main Street Inn** caters to all of your senses.

The restaurant is opened from Wednesday to Sunday for lunch and dinner and on Saturday and Sunday serves a scrumptious Brunch. There is also a variety of menus for your special occasion and a cozy private room in which to celebrate your special event.

When Sharon & Brian received the nomination for Business of the Month they found it extremely exciting and proudly displayed the sign in their window. The food is composed of fresh seasonal ingredients of exceptional quality and presented with artistic flare. This really is haute cuisine at a reasonable price!

Sharon and Brian thank Georgetown for welcoming and recognizing the **Main Street Inn**.

Linda Baynes of **Baynes Physiotherapy** has this information prominently available for all who visit her offices 'Physiotherapists are the health care professionals dedicated to enhancing and restoring your mobility'. While Linda does get referrals from doctors for vertigo (which she treats), patients very often seek her out because they're in pain – and are looking for relief. Treatment may be specifically designed exercises to restore full

functionality after sprains, sore shoulders and other muscle and joint impairments. Sometimes, only hands-on intervention can restore function and reduce pain. Physiotherapy is all about making a patient's life one of quality rather than endurance. The old saying 'what cannot be changed must be endured' only applies to those things that really can't be changed. Linda will help you change what can be changed, and as a result your quality of life will improve.

**North Halton Roofing**  
Georgetown, Ontario

Chamber member since 1991

Brenda and George Vanderleest have owned North Halton Roofing since 1985;

George has been roofing even longer than that. It's a rewarding job, but it's both physically demanding and oftentimes frustrating when the elements get in the way. In the roofing business, the only way to differentiate your business from your competition is through service that goes beyond the customers' expectations. It means giving honest answers, fair pricing, excellent customer service and timely completion. **North Halton Roofing** does roofs in Halton, Peel and Wellington; although neither George nor Brenda likes to brag, it's clear from their conversation that they love what they do! It's a family business, and George's brothers have been with them for a long time – and together, there isn't much they don't know about roofing with over 100 years experience amongst them!
