57 teams entered

Twisters to host tournament this weekend

Fifty-seven rep and house league teams are entered in this weekend's North Halton Twisters Girls' Hockey Association eighth-annual tournament, with games scheduled for Georgetown, Acton and Milton arenas.

Preliminary-round games begin today (Friday) at 5 p.m. and will run from 7 a.m.

to 6 p.m. on Saturday.

The championship finals are set for Sunday.

There will be house league divisions for the novice, atom, pee-wee, bantam and midget/intermediate age groups, with pee-wee A and midget A rep categories as well.

She works twice as fast as everyone else...

So does her natural gas water heater.

A smart home uses natural gas – not electricity – to heat water. Why is natural gas the smart choice? That's easy. A natural gas water heater:

- Is fast. Natural gas delivers twice as much hot water in the same time as an electric water heater
- Saves over 40%* on your water heating energy bill which adds up to over \$2,400 over your water heater's lifetime
- Reduces the load on Ontario's electric grid

Visit uniongas.com/waterheaters and we'll get you started on saving money, using less energy and enjoying tubs of comforting hot water because a natural gas water heater is...

Twice as Fast. Half the Cost.
