

Tiger-like form

At the recent annual Community Living North Halton Golf Tournament at Eagle Ridge Golf Course in Georgetown, organizer Carman Widdess, general manager of Georgetown Chrysler, practised his chipping onto the green. A total of 90 golfers took part in the event to raise funds for CLNH programs.

Teachers recognized

Halton Region's school boards are joining hundreds of other organizations throughout the world in celebrating World Teachers' Day.

Since 1994, World Teachers' Day has been celebrated internationally on Oct. 5 as an annual event to recognize the work and the role played by teachers.

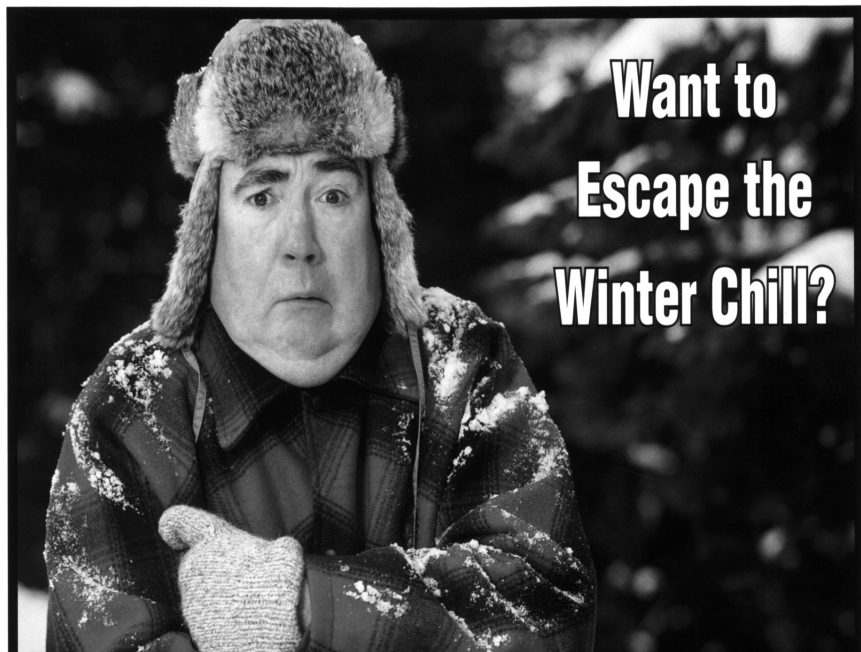

The Halton public and Catholic school boards send to all of their schools posters designed and distributed by the Canadian Teachers Federation and Education International.

While no special events for World Teachers' Day are being planned by either board, congratulatory ads will appear in local newspapers.

The Halton public board has about 3,100 teachers at its 78 elementary and 17 high schools while the Catholic board has approximately 2,200 elementary, secondary and occasional teachers at its 39 elementary and eight secondary schools. There are also a few French public and French Catholic board schools in Halton.

"Our staff does an exceptional job. The myriad of opportunities that teachers present to our students today shapes and creates the world of tomorrow," said Alice Anne LeMay, chair of the Halton Catholic board of trustees.

"Our teachers and classroom staff deserve recognition for the caring and generous ways through which they work tirelessly to help our students grow in their Catholic faith and expand their knowledge and skills, both inside and outside of the classroom," she added.

Want to
Escape the
Winter Chill?

Warm up with Regency and SAVE up to \$534

Drinking
and
Driving
Can Distort
Life.

Drink and drive, and your life may never be the same again. You not only risk your life when you drink and drive, you also risk losing your license, incurring expensive fines, doing time in jail or even causing injury or death to an innocent bystander. With all these consequences facing you, driving under the influence is the worst decision you can make. Don't take chances with drinking and driving; there's always a better alternative.
