Heather MacKinnon Catholic trustee

Heather MacKinnon, a grade 11 student at Christ the King Secondary School was one of three new student trustees appointed to the Halton Catholic District School Board's trustees for the 2006-07 term. Heather represents North Halton while Ryan Durran a Grade 11 student at Assumption SS represents Burlington and Jaclyn Peluso, a Grade 10 student at St. Thomas Aquinas SS represents Oakville.

The three student trustees represent almost 8,700

students attending Halton Catholic secondary schools. Heather MacKinnon replaces Anthony Luna, a Christ the King student who represented North Halton for 2004-05 and 2005-06.

As student trustees they have the same rights as elected trustees to participate at meetings of the Board and at committee meetings but do not have voting rights nor

Heather MacKinnon

the right to be present at "in-camera" Board sessions.

Heather MacKinnon's active parish participation, involvement in public speaking and valedictorian at St. Francis of Assisi School in 2003 were cited as well as being an active volunteer in the community, dedicating time and service to local fundraisers such as Crop for Cancer and Relay for Hope. She also maintains a part-time job in retail and is enthused about the trustee position.
