tion plans to build a number of schools across Halton Region, including Halton Hills.

Christ the King Catholic Secondary School has been approved for a twelve (12) classroom addition; construction will begin in September 2006 and is expected to be completed by September 2007.

The recently released results of the Ontario Secondary School Literacy Test (OSSLT) indicated a 92% success rate for first-time writers of the OSSLT across the secondary schools in our Board. Christ the King Catholic Secondary School scored an 88% success rate, comparing favourably to the provincial average of 84%.

Thank you all for a great year.

Acton's Robert Little Public School has won a National Award in recognition

for their Quality Physical Education program. The Canadian Associa-

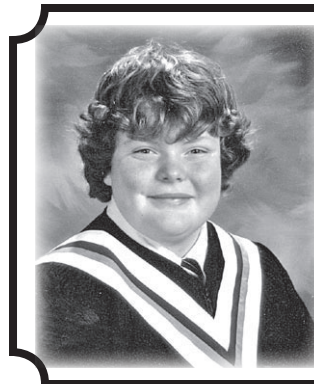

tion for Health Physical Education Recreation and Dance (CAHPERD) has acknowledged that Robert Little Public School, its teachers, and students are excellent role models for all other Canadian schools, by awarding them with the National Diamond Recognition Award.

Robert Little Public School is leading the advocacy initiative for the physical education of all Canadian children. Research from leading national and international health and physical education associations and experts confirms

that our children need a quality physical education program in order to enjoy healthy, active and productive lives. UNESCO goes as far as saying that quality physical education is a basic right of every child.

Over the last decade or more, there has been a significant decline in the quality and quantity of school physical education being offered to children. Most schools in Canada are not providing the recommended national standard of 150 minutes per week of physical education, or even
