the minimum requirements as set out by their own provincial curricula.

This school year, only 850 schools applied and qualified for an award out of over 15,000 schools across Canada. CAHPERD congratulates Robert Little Public School for its leadership in providing Quality Physical Education programs to its students.

Quality Physical Education (QPE) is a well-planned physical education program that offers a variety of learning opportunities and is taught by qualified and enthusiastic teachers on a regular basis throughout the school year. A QPE program includes curricular instruction for a minimum of 30 minutes at least three out of five days per week, as well as interscholastic school sport programs, school wide events, and intramural activities where all students have the opportunity to participate.
