**VOLUNTEERS**

**Are you passionate about enhancing Acton's natural environment, network of trails and other recreational features?**

**If so, Dufferin Aggregates wants your input**

Dufferin Aggregates (Dufferin) is working toward a long-term vision for the after use of the existing Acton Quarry and some of the lands the company owns adjacent to that operation.

Dufferin wants to work with interested community members to create a long-term vision that reflect the needs of the community, whose members may ultimately be the stewards of these lands.

Dufferin is currently looking for seven (7) individuals from the Acton community to participate on the After Use Vision Advisory Committee (VAC). Because seats on the committee are limited, we're looking for individuals with previous public committee experience involving land use planning, recreational and trail use planning and/or general community-based planning.

Halton Hills Council has also been asked to appoint three (3) community members.

If you are passionate about enhancing the environment and want to volunteer to help create a vision for a new network of trails and other recreational features on one of the largest privately owned parcels of land in Acton, we encourage you to send us a note with a short list of your interests and skills.

Please respond by April 15, 2007.
