I Love My Mom by Colin Masse

My mom is truly the best mom in the whole entire world because she totally loves me and I totally love her. My mom all ways takes care of me when I am sick and when I am hurt. she helps me do my homework and says pray with me every night. Some times we read stories together. When I am sad she always cheers me up. When ever go fishing and I catch a fish she is proud of me. But the best thing about my mom is she always forgives me when I don't listen to her. And the coolest thing ever is she works at my school and she tells me all the cool stuff happen that day and I tell her what the cool stuff I did that day. Oh I almost forgot she makes the best coffee cakes in the whole world. Some with vanilla cakes. I think she is the best cook in the whole world. I love her in the whole entire world so that makes her the best mom that any one could have. Oh yeah I almost forgot I love her because she takes me to the movies and she gets me popcorn. My mom gets me movies from Movie Gallery. I love my mom because she goes on walks with me and when am asleep she comes into my room and kisses me good night.
