

# Another record breaker....

Continued from Page 1

day. The Miss Acton Fall Fair Pageant drew the most contestants ever with 13 competing for the title. The Elvis show, which featured three Elvis impersonators, had a packed house Saturday night to enjoy "Elvis is in the building."

Over 500 children enjoyed Education Day on Friday during the day where it gave them a good opportunity to find their rural heritage. The Country Western show on Sunday afternoon featuring Alysha Brooks was another

attraction in the new building.

The Fair Board had Nancy Gordon at the entrance to the soccer field acting as a "WalMart Greeter" and her polite introduction to the rules of walking on the turf were "understood and complied," said the building's administrator Mike O'Leary.

The annual parade was possible despite construction on Main St., O'Leary said, although it only had two weeks to organize. King Construction paved a temporary portion of the street on Main N. to accommodate the

parade which received "deep appreciation for their thoughtfulness" from the Fair Board.

Of course, always one of the main attractions at the Fair is the midway and it was there in full splendour with special rides for the younger children and challenging ones for the not so young.

Interest in the new building was intense, of course, and O'Leary says he has already received calls from people wanting to book time these for lacrosse and soccer, including Rockwood teams. There was even one for a "kid's birthday party."

SMILES ALL AROUND: The new Miss Acton and her court could barely contain their smiles Friday night after they were crowned. Miss Acton Emily Stirtzinger, Runner Up Madison Kotack and 2nd Runner Up Cassandra Stokes. - Angela Tyler photo

**Halton REGION** The Regional Municipality of Halton  
www.halton.ca

You're invited to attend a community open house celebrating  
**Halton Waste Management Site's 15th Birthday**

**Saturday, September 29, 2007**  
**Drop in between 10 a.m. to 2 p.m.**  
**Cake cutting at 12 p.m.**

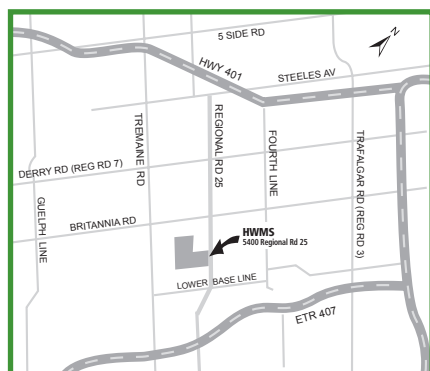

- Have a guided bus tour of the Halton Waste Management Site (approximately 30 minutes)
- See a new section of the landfill under construction and how we protect soil and groundwater
- Watch the landfill machinery in action and up close
- Take part in a craft made from reusable items
- Enter a contest to name our new Blue Box mascot
- Enjoy a cash BBQ provided by the Lion's Club of Milton
- Learn how the Halton Region Solid Waste Management Strategy helps protect our environment and extend the life of the landfill

Help us make this event "waste free." Send an email to [hwms15@halton.ca](mailto:hwms15@halton.ca) and let us know how many people in your family are planning to attend. That way we can prepare the right amount of food and materials and not be wasteful.

The Halton Waste Management Site originally opened in 1992 with a life expectancy of 20 years or the year 2012. Because Halton residents have been so good about recycling, the landfill life grew to 2023. With the Region-wide implementation of the GreenCart, the landfill life will expand to the year 2030.

Halton Waste Management Site  
5400 Regional Road 25, Milton

This is a wheelchair accessible event.

## August temperatures slightly higher

If you thought the month of August was warm and dry you're in tune with Environment Canada which says parched conditions were typical across Ontario with very few exceptions. August temperatures were slightly above normal, not the torrid temperatures predicted earlier in the year.

The big story about August was the lack of rain except for Windsor and Sarnia in

southwestern Ontario, which received much needed moisture. Environment Canada says the province as a whole got only one-third of the normal amount of precipitation.

During the late afternoon and evening hours of Wednesday, August 29 a band of powerful thunderstorms moved through Southern Ontario, breaking the parched August weather. Accompanying it was some pea-sized hail
