

Legion colour Parties in the Fair Parade

BRANCH No. 197 **LEGION NEWS** By James Hayes P.R.O.

Comrades,

The Fall Fair weekend is behind us, and President Wes Kutasienski expresses his thanks to all whose efforts contributed to a very successful weekend. The Saturday breakfast, was served to a record 360 patrons, and our thanks as always to the "usual suspects" in the kitchen, the plate wash, and out on the auditorium floor.

The Branch attended the fair parade with two full colour parties, and their turnout did Branch 197 proud. President Wes was, however, a little disappointed to see so few members willing to show up and march with the colours.

Our thanks as always to Tyler Transport for providing the shuttle bus service for our members and Fall Fair patrons.

The Saturday afternoon BBQ team put in a full shift, and then some.

Entertainment Chairman Marcel Poirier doing prep work for the BBQ now knows how many onions it takes to make you cry.

The Saturday afternoon

entertainment was moved to the games room, and we enjoyed the one man band talent of Jim Mulicow, a 34 year (still serving) member of the Canadian Airforce stationed at Base Borden.

We still have a couple of days of Legion Week left; might be the time to introduce those friends you have been threatening to bring down to the Branch.

**Sports:**

The horseshoes are continuing to get good support. Come on down the weatherman is treating us fine at the moment.

**Indoor Entertainment:**

The Acton Men's Industrial Cribbage League, starts on October 11 and runs through to next April. You do not have to be a legion member to play in this league; for further info call Dobbie Frizzell at 853-2021.

**Coming Events:**

District B Convention, Oct.12-14 hosted by Branch 197.

The Provincial Service Officer will be visiting the branch on October 29.

Honours and Awards, Sunday, Nov. 4, 2pm.

# Well water information for residents with private wells

Halton Region's Health Department will be again holding a well water information session for residents who use private wells. The session will take place this Thursday, Sept 20 at Stewarttown Public School, 13068 15 Side Road, Georgetown. Residents are invited to drop in anytime between 3:30 p.m. and 9 p.m.

Residents attending the information sessions have an opportunity to:

- Talk to Public Health Inspectors about well water quality concerns.
- Have well water tested for nitrates. The presence of nitrates could indicate contamination. Bring one cup of water in a sterilized jar.
- Drop off a water sample to be sent for bacteria testing. Call us or visit our website at [www.halton.ca/health](http://www.halton.ca/health) to find out where to get an approved water sample bottle. (Water samples to be submitted for bacteria testing must be collected in approved water sample bottles.)
- Pick up approved water sample bottles for

- future bacteria testing.
- Learn about water treatment systems such as ultra violet, reverse osmosis and chlorination from experienced water treatment companies.
- Talk to staff from Halton Region's Planning and Public Works Department to discuss water conservation principles.

• Observe well drilling equipment and learn about well drilling from professionals from the Ontario Ground Water Association.

For more information contact Halton Region at 905-825-6000, toll free 1-866-4HALTON (1-866-442-5866), TTY 905-827-9833, or visit our website at [www.halton.ca/health](http://www.halton.ca/health).
