

**MARCH BREAK KICKS:** Absolute Martial Arts held a March Break Karate Camp held each morning of the March Break. On Tuesday morning, these students were learning some kicking techniques before playing many fun games and races - *Traci Gardner Photo*

# Hydro offering prizes for celebrating Earth Hour

Halton Hills Hydro is offering a chance to win one of three \$500 energy efficiency prizes for those who celebrate Earth Hour and enter a draw. Any Halton Hills resident, business and organization can participate.

Earth Hour will be celebrated around the world on Saturday, March 28 between 8:30pm and 9:30pm. The objective is to increase public awareness of the need to decrease energy use and take action against climate change. Hydro says this can be done by turning off unnecessary lights without compromising safety and security. Participation is voluntary free and informative.

To enter the draw:

- Register for Earth Hour at [www.EarthHourCanada.org](http://www.EarthHourCanada.org).

## Earth Hour March 28

- E-mail the Office of Sustainability at [damians@haltonhills.ca](mailto:damians@haltonhills.ca) with a confirmation that you have registered and how you will be participating.

- Maximum of one prize per household, business or organization.

Each prize package is worth approximately \$500 and sponsored by Halton Hills Hydro in support of their energy conservation programs. Each package will help with year-round conservation, and includes solar lights, retractable clothesline, energy meter, digital timer, free programmable thermostat and installation to qualifying

households, energy efficient CFL light bulbs and a reusable water bottle.

The draw will be held at the April 6 Council meeting. Names will be drawn from the first 100 e-mail entries received by noon on Saturday, March 28.

For more information on the Town's Earth Hour participation (including draw details) and simple suggestions for participating, please contact Damian Szybalski (Sustainability Coordinator) at 905-873-2601 ext. 2289 or at [damians@haltonhills.ca](mailto:damians@haltonhills.ca), and visit: [www.haltonhills.ca/sustainability](http://www.haltonhills.ca/sustainability).

## NOTICE OF STUDY CANCELLATION

### Trafalgar Road (Reg. Rd. 3) Improvements 10 Side Rd. to Highway 7 Town of Halton Hills Class Environmental Assessment Study

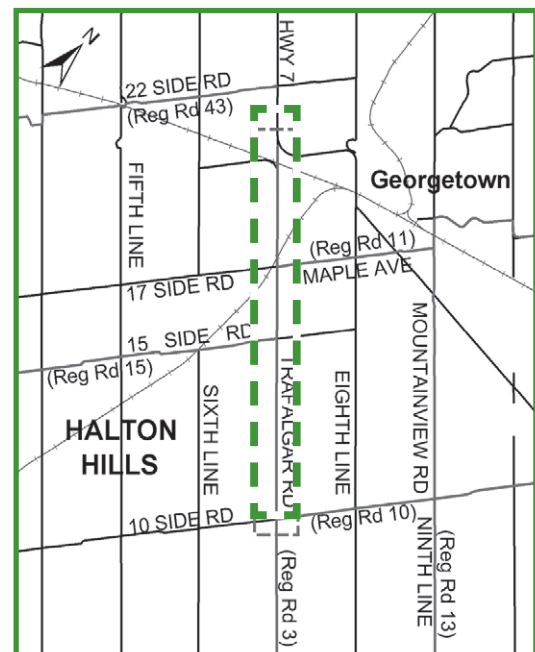

The Regional Municipality of Halton has been undertaking a Class Environmental Assessment Study to consider future travel demands on Trafalgar Road (Reg. Rd. 3) from 10 Side Road to Highway 7.

However, since the initiation of the Trafalgar Road Class EA Study a number of other studies by Halton Region and other levels of government have commenced that will have a direct impact on the transportation needs in Halton Hills and more specifically on the Trafalgar Road corridor.

These studies can potentially affect the anticipated future traffic volumes along Trafalgar Road between 10 Side Road and Highway 7 and as a result, Halton Region won't be continuing with the Trafalgar Road Class EA Study until we have a better understanding of how the Trafalgar Road corridor and the transportation needs in Halton Hills will be affected by these studies.

This study has been conducted in compliance with Schedule C of the *Municipal Class Environmental Assessment* (2000, as amended 2007), which is approved under the Ontario Environmental Assessment Act.

In the interim, in order to address current operational concerns, the Region will be undertaking an operational study along the Trafalgar Rd corridor between Steeles Ave to Highway 7 to identify current and short-term (one to five years) operational improvements that can be easily implemented along the corridor. This study will also include public consultation and the public is welcome to provide any suggestions or request any information on both studies by contacting one of the following persons listed below:
