

WHETHER THE WEATHER: Last Sunday, people were out enjoying the 12 degree sunny weather. Some were in shorts and halter tops strolling along the sunlit streets, skateboarding at the Mousketears skate boarding park, and other spring weather activities. Monday morning people woke up to discover a winter landscape, snow plows pushing back the 10-15 centimetres of wet snow which fell in this neck of the woods. South of Acton, down the escarpment only a dusting of the white stuff fell but it was just as cold. Have heart, though, they are predicting a beautiful Easter weekend starting on Good Friday.

Fire service concerned over 'Sprite Bomb'

Halton Hills Fire Protection Prevention Services is concerned about the presence of illegal fireworks known as "Sprite Bombs" which have been discovered in Oakville and Burlington. The "Sprite Bomb" is made in Taiwan and prohibited from sales in Canada.

"Sprite Bombs" are small, pea sized balls, light gray in colour, and could easily be mistaken for candy. The fireworks contain a small amount of explosive material which is activated simply by opening the package.

Store owners may have purchased these products, not knowing they are illegal in Canada. Owners are strongly encouraged to remove the illegal fireworks from their stock and contact Halton Hill Fire Protection & Prevention Division at 905-877-1133.
