## Why is wrapping paper not accepted in the Blue Box?

Wrapping paper is **not** accepted in the Blue Box because it is made from low quality paper and often contains dyes that contaminate the other acceptable papers. As well, some wrapping paper contains foil and plastic which cannot be recycled. Instead, place wrapping paper, ribbons, bows, and tape in the garbage.

The best option is to wrap presents in newspaper or brown packaging paper (both go in the Blue Box or GreenCart), or use reusable gift bags. Tissue paper can go in the GreenCart (no tape). Damaged gift bags go in the garbage. Help make this holiday season "waste-free."
