Remove snow and ice before you drive police urge

The Halton Regional Police Service responds to numerous motor vehicle collisions each year that are later deemed avoidable. This time of the year many of those investigated are determined to be caused by the driver simply not taking the two to three minutes to adequately remove snow and ice from their windshield, side windows and rear window to safely view all directions as legislation requires.

The short time it takes to remove snow or ice can be the difference from a safe commute to work to involvement in a collision which can include a further charge of - No Clear view to (front) (side) or (rear), even if the cause of the original accident was not your fault.

The Ontario Highway Traffic act, section 74(1)(a) states, no person shall drive a motor vehicle upon a highway unless the windshield and the windows on

either side of the compartment containing the steering wheel are in such a condition as to afford the driver a clear view to the front and side of the motor vehicle and Section 74(1)(b) unless the rear window is in such a condition as to afford the driver a clear view to the rear of the motor vehicle. Section 74(2) exempts 74(1)(b), does not apply to a motor vehicle that is equipped with a mirror or mirrors securely attached to the motor vehicle and placed in such a position and maintained in such a condition as to afford the driver, otherwise than through the rear window, a clearly-reflected view of the roadway in the rear or of any vehicle approaching from the rear.

This still requires the side view mirrors to be clear to enable viewing.

Please don't take chances, clear your windshield!

CASHh celebrates 10 years

To the editor;

2010!! Wow it's been a decade since The Millennium! The world (which didn't explode) is first-class; Cancer Assistance Services of Halton Hills (CASHh) is unequalled. Yes, it's been 10 years, and the need for Cancer Assistance Services is stronger than ever.

Ask you neighbour, your friends, your family, ask your co-workers; they will tell you Cancer Assistance Services is a viable organ-

ization that does what it says it does. It looks after cancer patients in the manner desired between the patient and this organization.

To justify the existence of any organization is by their reputation in the community. For CASHh it is the more than 1,100 patients who have testimonial to how their lives have been made easier in order for them to focus on recovering. We provide support

group for conversing with other cancer survivors, reiki therapy and makeovers for those who want and need a boost to their morale.

CASHh needs your help. The April Residential Campaign is our major source of funds. To maintain our current level of service, please help us in April. Halton Hills needs Cancer Assistance Services of Halton Hills. Cancer Assistance Services needs you. The small commitment of time

can make a big difference for CASHh, and enhance your life. This is your time to help if you have been touched by cancer, or, if you have never been, this is your time to help those who are going through difficult times.

Please visit our website for more information and call the office at 905-702-8886. Volunteer, you won't regret it.

Regards,
Anna Marie Moore

Local man thanks rescuers

To the Editor

Thank you for the detailed coverage of my

recent misadventures in The New Tanner.

I would like to express

my gratitude to Dean Mayke who discovered me that Sunday. He made sure I was okay then motored over to alert my wife. Then he returned and assisted us until the emergency crews came.

I would also like to thank my neighbour, Wade Vickery, for his

help, especially in chopping that tree down for firewood!

Also to Nina and Steve Palichuk for their constant care and concern (and delicious pie)!

Thanks to all these great people. I am making a fast and full recovery.
