THANK YOU FOR YOUR VOTE OF CONFIDENCE

We feel honoured and humbled by your support of our efforts and promise to renew our resolution to properly represent the citizens of Acton and area.

We strongly suggest that you all make the effort to vote for your School Trustee on the appropriate local school board.

In addition to educating our children, school boards represent 24% of your property tax bill. The Halton District School Board trustees have to manage a budget of over \$490 million, while the Halton Catholic District School Board trustees are responsible for managing over \$262 million. Significant tax dollars indeed.

Difficult decisions face our future school trustees. The financial implications are enormous. Be an educated voter, find out about the issues and above all:

Be Sure To Vote For Your Choice Of Trustee.

It’s well worth your time and effort. Thank you.
