Be Aware And Prepared When Heading Into The Forest

This fall, people planning to go hiking, hunting, riding or bird watching in a forest should take steps to stay safe. Public lands in Ontario are used for a variety of activities. Everyone in the forest needs to be aware others may be nearby, and stay visible. Hunting is allowed on most Crown land, on private property with the permission of the property owner and in some municipal forests. Anyone using the forest should check with the municipality for specific information.

• If you take a pet with you, ensure the animal is wearing a brightly coloured blanket or T-shirt.

Horseback Riders

- Try to avoid known hunting areas, especially at dawn or dusk.
- Wear a hunter orange vest or jacket, and a brightly coloured helmet cover.
- Buy or make a brightly coloured rump sheet for your horse.

Hunters

- Be aware that you may be sharing the forest with other hunters, as well as hikers, riders and birdwatchers.
- Anyone, including archery hunters, hunting during gun season for deer and moose, must wear solid hunter orange clothing (a minimum of 400 square inches – 2,580 square centimetres – above the waist and visible from all sides) and a hunter orange head cover.
- Consult the 2010 Hunting

Regulations Summary for exceptions.

- Hunters must never shoot unless they are absolutely sure of their target and what is beyond it.

Shotgun, Muzzle Loader and Archery Hunting

In the Greater Toronto Area, several shotgun, muzzle loader and archery hunting seasons for deer are allowed throughout the period beginning October 1, 2010 to December 31, 2010. Hunting is allowed from one half-hour before sunrise to one half-hour after sunset during the season.

For information about specific local hunting seasons and regulations, please consult the 2010 Hunting Regulations Summary for Wildlife Management Units 72B, 73, 78 and 79. This is available from licence issuers, ServiceOntario/Government Information Centres, and on the ministry's website at ontario.ca/hunting.

Hikers and Birdwatchers

- Be aware of hunting seasons in the area where you are hiking.
- Wear a hunter orange vest or jacket and hat, and be especially careful at dawn or dusk, when colours such as red and green appear brown.
- Avoid wearing white, especially mittens or hats. They can resemble a deer's tail through trees.
